- 1) In Revelation 6 - **what was a seal** by definition - in Strong’s Concordance? What were the seals of Revelation **placed on** and where do we find that object in Revelation? What do you think the seals contained or where hiding? **Who** was the understanding (of what was hidden) given to – and then, who did he give it to? Did the one found “worthy” to open the seals find DIRECTION of how to navigate the time periods of the seven seals?
  - 2) What were the **horses** of Revelation 6? Why did they **change colors**? **Who** do you think was riding them and why do you think that? Was it ALWAYS the same rider?
  - 3) What might be the **“beasts”** here in chapter six – and WHO is it trying to show something here?
  - 4) (Challenge question) Define in your own words what the “seals” are to you!
- 
- IF TIME PERMITS
- 5) Does anything “pop out” to you that is extremely intriguing or unique from the other six seals in the descriptions of such?
  - 6) QUESTION FOR THE QUESTION MEETING?? (Be specific in identifying the scriptural location!)
