

Rock-Skipping Through Revelation
Chronology in Revelation

Orlando Bible Students Special Study — Sunday, May 16, 2021

Chronology is an important feature shown in Revelation by: (1) Events and Actions, (2) symbols and (3) time shown by symbolic months, days, and years. This helps us to look back at history and prophecy to view, by the Holy Spirit, and discern the time—where we are according to the Divine Plan.
